Welcome

We are delighted to welcome you to our restaurant.

Our philosophy is to offer you more than just a place to enjoy authentic Thai cuisine. We aim to provide a unique experience which embraces all of one's senses.

Your experience is further enhanced by our exotic surroundings which blend authentic, hand-carved Thai décor and a profusion of tropical plants.

Most importantly, our Thai Chefs prepare everything meticulously to authentic Thai recipes, using the finest ingredients, Thai herbs & spices and only the freshest produce. All of our dishes are decorated with multi-coloured garnishes and exquisitely presented in traditional Thai style to enhance the wonderful, distinctive flavours and aromas of Thai cooking

Whilst many people know about many of the classic dishes at the heart of Thai cooking, few know just how extraordinarily rich the complete cuisine is, especially the regional variations. A recipe from the Northern mountains is very different from that found on the beaches of the South, or on the market stalls of Bangkok and even from the Eastern markets

We combine all of these delicious dishes to enable our customers to sample food from every corner of the country. All of our food freshly prepare and are home made. We consider 'quality' is the most import to any meals, whether it is Thai food or from anywhere else.

We pride ourselves in maintaining these high standards of cuisine and service and look forward to welcoming you again to our restaurant, very soon.

Warmest regards,

From all the staff
